## INTRODUCTION

This is the fifteenth annual edition of the Private Property Congressional Vote Index. The League of Private Property Voters (LPPV) has published the Index each year since 1989.

LPPV is a coalition of more than 600 grassroots organizations that advocate the rights of property owners, including farmers, ranchers, woodlot owners, residents of rural communities, owners of recreational property, and inholders of private property located within and adjacent to federal lands. It also includes cabin permittees, off-road vehicle owners, equestrians, snowmobilers, hunters and recreational shooters, and livestock grazers, foresters and miners who make productive use of federal lands.

Votes for this year's Index were chosen from discussions among approximately twenty five leaders of the Wise Use movement nationwide. These votes represent 2003's most important snapshots demonstrating protection of the constitutional rights of property owners against a powerful and overbearing federal government. They also show support for recreational and commercial access for federal lands, upon which many rural communities depend and all Americans share.

We encourage readers to examine the voting records of their Senators and Members of Congress. Please thank those that stood up for us, and educate the rest.

- The Editors

## CHAMPIONS AND ENEMIES

A CHAMPION of Property Rights is a score of 80% or higher on the LPPV Index.

An ENEMY of Property Rights is a score of 20% or lower on the LPPV Index.

### Senate:

The Senate was generally supportive. It voted in support of the Healthy Forest Initiative and to repeal the Estate Tax while also rejecting ill-advised proposals to vastly expand federal spending and regulations that would have damaged private property rights and multiple use of federal lands.

There were 35 Champions of Property Rights, all Republicans and 35 Enemies of Property Rights, all Democrats.

### House:

The House supported private property rights and to protect public lands access more often than not. This included votes on both recreational and commercial access. It also approved the Healthy Forest Initiative, with its superior version prevailing in the House-Senate conference and being signed into law.

There were 192 Champions of Property Rights, including 188 Republicans and Democrats Alexander (LA), John (LA), Peterson (MN) and Stenholm (TX).

There were 165 Enemies of Property Rights, including 163 Democrats and Republicans Leach (IA) and Shays (CT).

**QUOTE OF THE YEAR:**

“It took a while for some people to really understand Hillary Clinton’s brilliance. We had to find a place for her, she is that good.”

- Nevada Senator Harry Reid, gushing to the Washington Post newspaper on March 5, 2003. Hey Nevada! Does Harry Reid represent your views???

**PROPERTY RIGHTS AND RELIGION:**

“I was raised Episcopalian, and I ended up as a Congregationalist. I had a big fight with a local Episcopal church over a bike path. We were trying to get the bike path built. They had control of a mile and a half of railroad bed, and decided they would pursue a property rights suit to refuse to allow the bike path to be developed.”

- Former Vermont Governor Howard Dean, quoted in the Washington Post newspaper, September 21, 2003.

**THE TERRIFIC TWENTY SEVEN**

Congressmen Wally Herger (R-CA) and Steve Pearce (R-NM) teamed up last year to lead the charge for private property rights at a critical moment. The Nature Conservancy and other powerful Land Trusts attempted to grab a billion dollar tax cut deal for themselves late in 2003. This would have placed them at a huge advantage over private property owners in buying and selling real estate - see excerpts of letter below, sent to Ways and Means Committee Chairman Rep. Bill Thomas, for details.

Herger, a senior member of the Ways and Means Committee, which has jurisdiction over tax policy, joined with freshman Pearce and rounded up twenty five other members to sign

the following letter. The special Land Trust provision was stripped out of the bill in the House, but is still alive in the Senate as of February 2004.

November 7, 2003

Dear Chairman Thomas,

We very strongly oppose language included in S. 476, the Charitable Giving Act of 2003, which gives an unfair advantage to conservation groups over other non-profit groups and the private sector. It provides an alarming incentive to remove private lands and water rights from individuals and potentially place them into federal ownership. This is in direct contravention of some of our most closely held principles committed to private property rights, free enterprise and smaller government.

The Senate proposal would provide a capital gains tax reduction of 25% to sellers of property or water rights — but only if they sell to conservation groups. They may be pushing for a 50% capital gains reduction, which the Joint Committee on Taxation estimates will cost about a billion dollars over ten years.

We believe the Charitable Giving Act is intended to encourage and benefit faith-based institutions in their efforts to extend social services to the general public. Yet incredibly, this proposal would place those very faith-based institutions, such as churches, orphanages and private schools, at a comparative disadvantage in property purchases compared to some conservation groups and government agencies, which do not perform charitable acts.

The provisions in the Senate bill will do virtually nothing to benefit sellers of land, since the beneficiaries of this tax break will be able to reduce their offering price versus any other

potential buyer. Any tax break will result in a reduced sale price. Even worse, this proposal will likely discourage purchase offers from parties who do not receive this tax break, since all others will have to offer a premium price just to stay even.

Tax exempt "non-profits" already have significant advantages over private parties in the tax code. Some have grown into multi-billion dollar multinational corporations with economic power greater than nearly any individual or organization who may also want to purchase the same property. Our concerns about the impacts of this conservation tax credit are so strong and relate so fundamentally to the principles we stand for that we would have to reconsider our support for the bill if this unnecessary, expensive and damaging proposal is included in the Conference Report.

Sincerely,

## **THE FABULOUS FORTY**

Congressmen Richard Pombo (R-CA) and Charles Stenholm (D-TX) joined forces to send a letter with thirty nine others (excerpts below) to White House Chief of Staff Andrew Card. Pombo is Chairman of the Resources Committee and Stenholm is the top ranking Democrat on the Agriculture Committee. The letter supports reasonable wetlands regulations and enforcement of the landmark Supreme Court decision, Solid Waste Agency of Northern Cook County (SWANCC) v. United States Army Corps of Engineers - the SWANCC decision.

April 16, 2003

Dear Mr. Card,

On January 9, 2001 the U. S. Supreme Court SWANCC decision overturned the decisions of lower courts that have tried to expand federal jurisdiction under the Clean Water Act beyond "navigable waters" to include isolated wetlands that do not even have a surface connection to "navigable waters." Furthermore, the Court stated Congress chose to preserve the primary role of the states in planning the development and use of land and water resources because to do so would impinge on traditional authorities of the states.

To allow regulators and private landowners to understand the scope of Clean Water Act jurisdiction, it is imperative that rulemaking clearly and concisely define specific terms such as "isolated," "tributary," "adjacent," "impoundment" and "ordinary high water

mark.” Since these terms presently are either vague or undefined, regulators in the field have vast discretion to define them in an arbitrary and inconsistent manner. This allows regulators to continue asserting federal jurisdiction over otherwise isolated waters such as vernal pools and other features such as erosion ruts and roadside ditches.

These regulations are especially onerous to small landowners who do not have the time and money to challenge the sometimes heavy-handedness of federal wetlands regulators. The 404 wetlands permit process is very time consuming and expensive. Obtaining an individual permit takes on average 788 days at a cost of \$271,000.

It is vital that the Administration move quickly with rules that clearly explain the scope of federal jurisdiction under the Clean Water Act.

Sincerely,

## **SIX SPECIAL SENATORS**

Six Senators deserve special recognition for their efforts to protect private property rights against a legislative attack from the Land Grabbing Land Trusts. Senators Don Nickles (R-OK), Mike Crapo and Larry Craig (both R-ID), and Mike Enzi and Craig Thomas (both R-WY) led the charge to strip out of S.476 (Vote #3 on the Senate Scorecard) a billion dollar tax break for gigantic multinational Land Trusts such as The Nature Conservancy. Senator Tim Johnson of South Dakota was the lone Democrat to support private property rights on this vote.

## US HOUSE VOTES

### **#1 - PERMIT ANWR ENERGY EXPLORATION — House Vote 134 - HR 6: Energy Plan - ANWR**

April 10, 2003 - Wilson, R-N.M., amendment that would open up ANWR (Arctic National Wildlife Refuge) with reasonable environmental protections. Adopted 226-202: R 196-30; D 30-171; I 0-1. **LPPV POSITION: YES.**

### **#2 - RAISE TAXES FOR OIL EXPLORATION — House Vote 142 - HR 6: Energy Plan - Royalty Payments**

April 11, 2003 - Kind, D-Wis., amendment that would strike provisions that reduce royalty payments on oil and gas leases. Rejected 171-251: R 9-214; D 161-37; I 1-0. **LPPV POSITION: NO.**

### **#3 - RESTRICT RURAL FOREST THINNING — House Vote 198 - HR 1904: Forest Thinning - Democratic Substitute**

May 20, 2003 - Miller, D-Calif., substitute amendment that would allow forest thinning projects without environmental reviews within one-half mile of urban areas and on land located near municipal water supplies. Other forest thinning activities would be subject to the requirements of the National Environmental Policy Act. Rep. Miller was attempting to limit forest management to "urban interface" areas only, leaving rural areas exposed to further devastating wildfires. Rejected 184-239: R 11-214; D 172-25; I 1-0. **LPPV POSITION: NO.**

### **#4 - INCREASE LEGAL DELAYS FOR FOREST THINNING — House Vote 199 - HR 1904: Forest Thinning - Recommit**

May 20, 2003 - Udall, D-N.M., motion to increase legal roadblocks to forest management in the Healthy Forest Initiative. It would have eliminated provisions that would speed up judicial review of court decisions that challenge wildfire prevention projects, and would require a court considering a request for an injunction against an agency action to give special weight to agency findings that the action is necessary to avoid long term harm to the ecosystem. Motion rejected 176-250: R 0-226; D 175-24; I 1-0. **LPPV POSITION: NO.**

### **#5 - REPEAL DEATH TAX — House Vote 288 - HR 8: Estate Tax Repeal - Passage**

June 18, 2003 - Passage of the bill that would make permanent the repeal of the estate tax contained in the 2001 tax cut law (PL 107-16) and which is set to expire after 2010. Passed 264-163: R 223-4; D 41-158; I 0-1. **Note: A "yea" was a vote in support of the president's position. LPPV POSITION: YES.**

### **#6 - LIMIT FUNDS TO UNITED NATIONS — House Vote 365 - HR 1950: State Department Authorization - Cap on U.N. Contributions**

July 15, 2003 - King, R-Iowa, amendment that would cap the U.S. contribution to the U.N. regular budget to no more than the amount paid by any other permanent member of the Security Council. Amendment would have helped limit the UN from imposing international zoning designations. Rejected 187-237: R 173-50; D 14-186; I 0-1. **LPPV POSITION: YES.**

**#7 - ELIMINATE KLAMATH BASIN FARMING — House Vote 380 - HR 2691: Fiscal 2004 Interior Appropriations - Klamath Wildlife Refuge**

July 17, 2003 - Blumenauer, D-Ore., amendment that would bar funds from being used to enter into new agricultural leases that allow growing row crops or alfalfa in Oregon's and California's Lower Klamath and Tule Lake National Wildlife Refuges. Rep. Blumenauer was striking a blow against Klamath Basin farmers. Rejected 197-228: R 20-205; D 176-23; I 1-0. **LPPV POSITION: NO.**

**#8 - CUT LAND GRABS, MORE FIRE FIGHTING — House Vote 381 - HR 2691: Fiscal 2004 Interior Appropriations - Additional Firefighting Funds**

July 17, 2003 - Shadegg, R-Ariz., amendment that would provide an additional \$19 million in Forest Service firefighting funds and offset the cost with a reduction in funds for land acquisition. Rejected 128-298: R 119-107; D 9-190; I 0-1. **LPPV POSITION: YES.**

**#9 - ELIMINATE SNOWMOBILES IN YELLOWSTONE — House Vote 385 - HR 2691: Fiscal 2004 Interior Appropriations - Snowmobiles in Yellowstone and Grand Teton Parks**

July 17, 2003 - Holt, D-N.J., amendment that would block funds from being used to do anything inconsistent with the phase out of recreational snowmobile use in Yellowstone and Grand Teton National Parks. Rejected 210-210: R 25-194; D 185-15; I 0-1. **LPPV POSITION: NO.**

**#10 - CODIFY ROADLESS PUBLIC LOCKUP — House Vote 386 - HR 2691: Fiscal 2004 Interior Appropriations - Roadless Lands**

July 17, 2003 - Inslee, D-Wash., amendment that would prohibit funds from being used to change the Clinton Roadless Area Conservation

Rule closing thousands of miles of roads and millions of acres. A “nay” vote was a vote in support of the president's position. Rejected 185-234: R 20-200; D 164-34; I 1-0. **LPPV POSITION: NO.**

**#11 - RS 2477 PUBLIC LANDS ACCESS ROADS — House Vote 388 - HR 2691: Fiscal 2004 Interior Appropriations - Rights-of-Way on Public Lands**

The Taylor amendment would permit “disclaimers of interest,” which allow the Bureau of Land Management to grant local governments rights-of-way on public lands without congressional approval, in national monument, park and wilderness areas. The Udall amendment would prohibit funds from being used to carry out disclaimers of interest. Adopted 226-194: R 206-14; D 20-179; I 0-1. **LPPV POSITION: YES.**

The government would receive 218 acres of private land and the Cherokee Indians would receive 143 acres of land in the park. The land would be used for a new Cherokee Indian school and campus. Motion agreed to 288-127: R 216-4; D 72-122; I 0-1. **LPPV POSITION: YES.**
